

# Agya Engineering Co.

<https://www.hosesandpipes.com/>

We are engaged in the Manufacturing, Supplying, Trading and wholesaling of a Comprehensive Assortment of Industrial Rubber Hoses. Our range is demanded all over the globe for its high functionality, durability and reliability.

## About Us

Founded in the year **1975**, **Agya Sales Corporation** is a globally trusted name engaged in the manufacturing and supplying of a wide range of industrial rubber products. Our product range includes hydraulic hoses, industrial hydraulic hoses and rubber hydraulic hoses, suction hoses, welding hoses, water hoses, non toxic brewery hoses, garden hoses, PVC pneumatic hoses, PTFE hoses, carbon free hoses and garden hoses, welding hoses, water hoses, pneumatic hoses, non toxic brewery hoses, suction hoses, stainless steel flexible hoses and carbon free hoses. Besides these our list consists of PTFE hoses, stainless steel flexible hoses, and pneumatic hoses. Our products are manufactured in compliance with internationally accepted production methodology and are high on every aspect of quality, precision and durability. We make sure that our products are regularly checked for all kinds of discrepancies at every stage of the production process within our premises. Renowned for their reliability, our products are meant for various industries like Chemical, Power, Pulp & Paper, Steel, Transportation and a variety of markets. Our expertise, innovation and flexibility differentiate us from the other players operating in the concerned industry. We are also capable of developing items in various polymers and we export nearly 50% of our products to many overseas markets including USA and Gulf nations. Our owner **Mr. Ashok Aggarwal** has years...

# INDUSTRIAL RUBBER HOSES
